3. Order Confirmation for the Customer

- Information for the customer about accepting the order

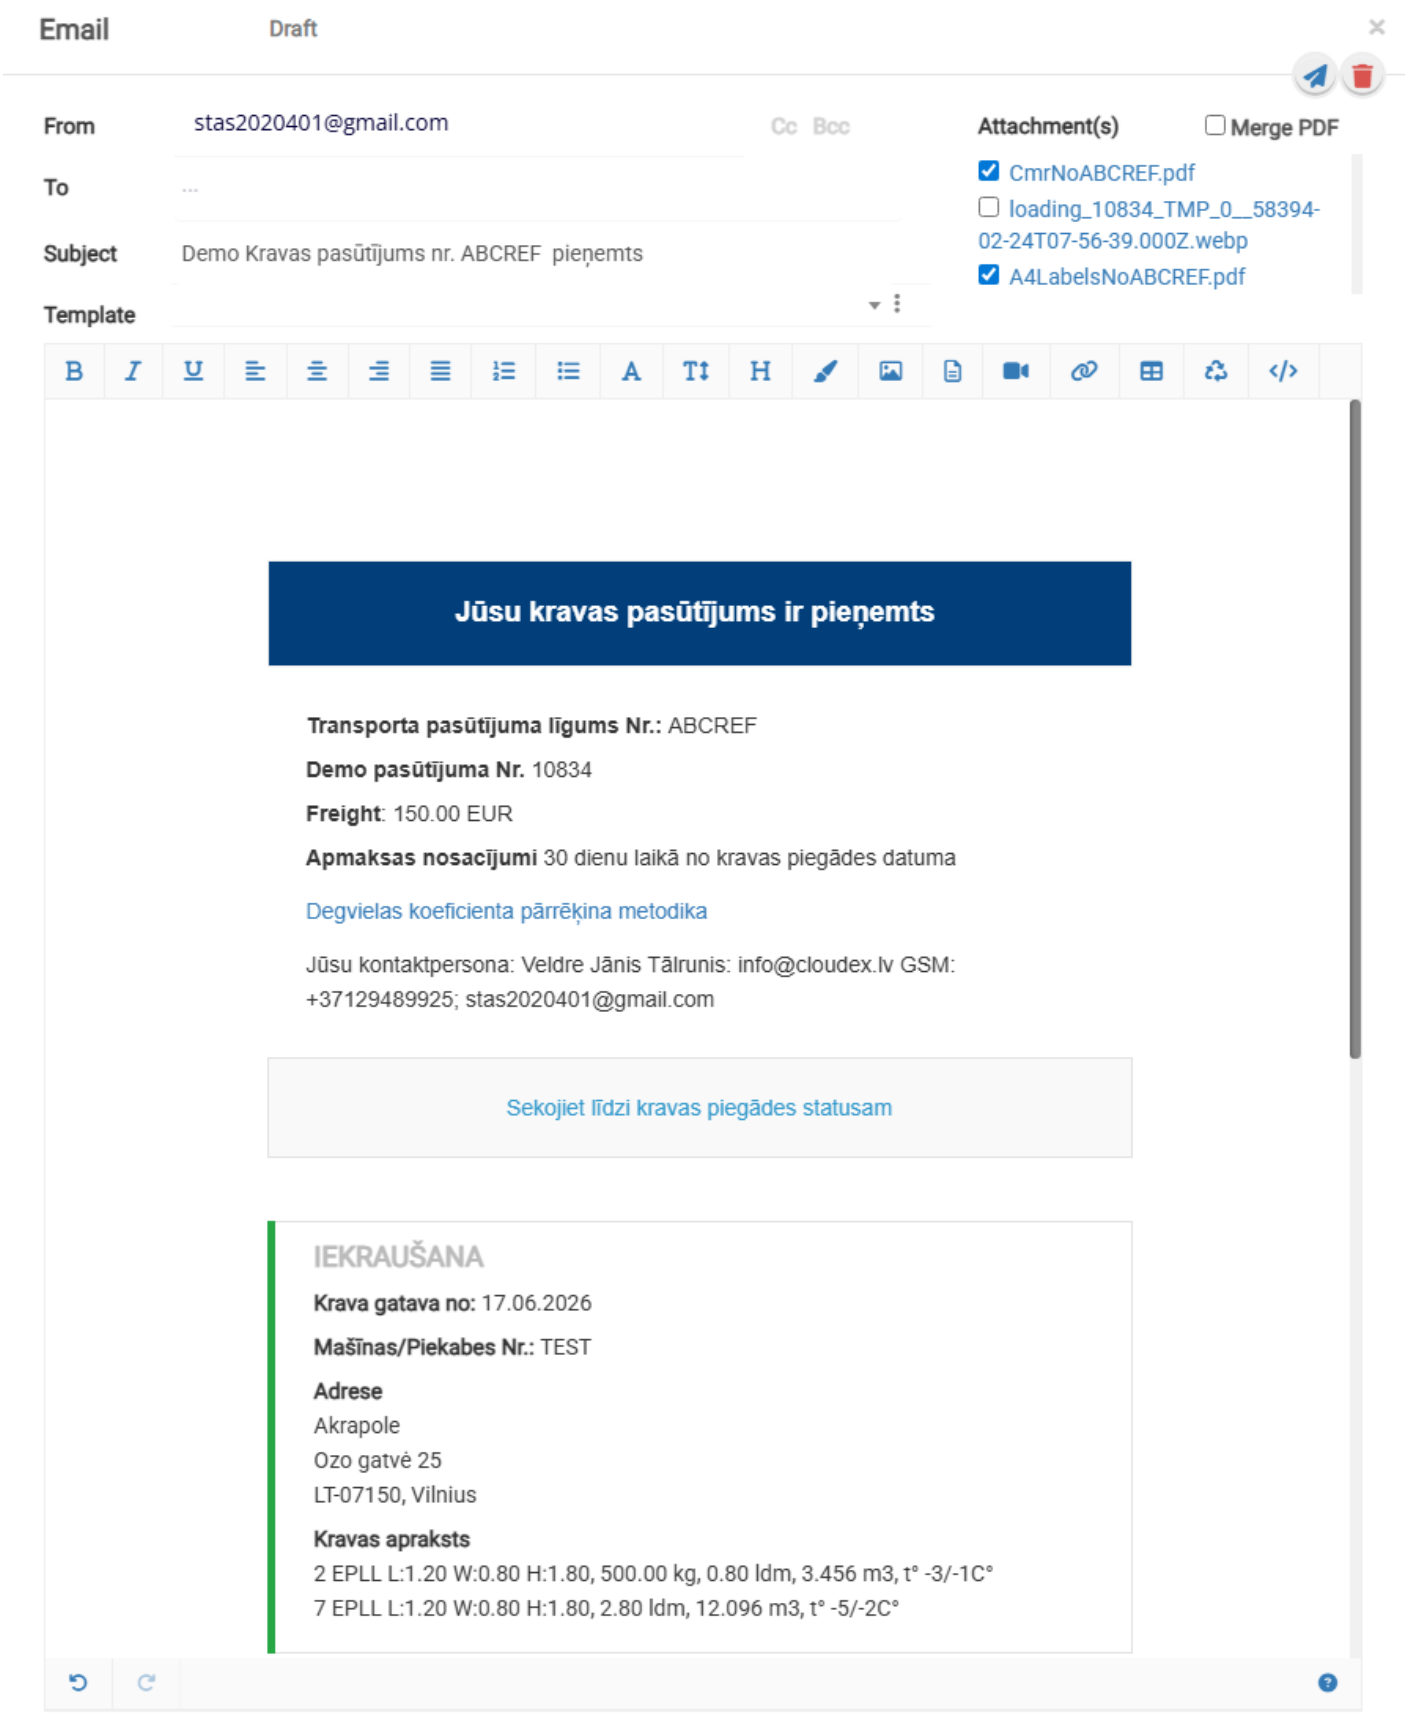

Information for the customer about accepting the order

To send an order acceptance confirmation, open the specific customer order.

1 .In the toolbar, click the button and select the appropriate option.

2. By selecting **Information to Customer About Order Acceptance**, you can send an automatically generated order acceptance confirmation email.

3. By selecting **Order to Customer**, an email containing the order agreement will be generated automatically.
