

HOW TO CHANGE APPLICATION Callback URL in Azure Portal

1 Open Azure Portal

Go to: <https://portal.azure.com>

Sign in using a **Global Administrator** or **Application Administrator** account.

2 Open *Microsoft Entra ID*

- 1) In the left menu, click: **Microsoft Entra ID or Search for App registrations**
- 2) Open All Applications
- 3) Open CLOUDEX TMS application

The screenshot shows the Azure Portal interface. At the top, the 'App registrations' link is highlighted with a red box and a red circle labeled '1'. Below the header, the 'App registrations' page is displayed. In the left sidebar, the 'All applications' link is highlighted with a red box and a red circle labeled '2'. The main content area shows a list of applications. The first application, 'CLOUDEX TMS', is highlighted with a red box and a red circle labeled '3'. The application details are as follows:

Display name	Application (client) ID	Created on	Certificates & secrets
CLOUDEX TMS	8d6203...c8ed37	12/1/2025	Current

Essentials

Display name
CLOUDEX TMS

Application (client) ID
8d62039b-3c3c-48b2-9d2e-b6462ac8ed37

Object ID
6711dad-c955-41a8-b137-d194384a10e2

Directory (tenant) ID
a310ed38-6b87-4864-803b-ae7fb1503ca1

Supported account types
Multiple organizations

Client credentials
0 certificate, 1 secret

Redirect URIs
1 web, 0 spa, 0 public client

Application ID URI
Add an Application ID URI

Managed application in local directory
CLOUDEX TMS

Press edit button and set correct URL

!!!! In **YourCompanyCode** you should place your company code `https://my.cloudex.app/
YourCompanyCode/Services/Office365Callback.aspx`

Redirect URI configuration

Settings

A redirect URI, or reply URL, is the location where the Entra authorization server sends the user and delivers tokens once the user has successfully signed in or signed out. [Learn more about what is a redirect URI](#)

+ Add Redirect URI Delete

If you want to view or change implicit grant and hybrid flows settings or front-channel logout URL, please visit the settings tab.

This app has implicit grant settings enabled. If you are using any of these URIs in a SPA with MSAL.js 2.0, you should migrate URIs. →

Start typing a reply url to filter these results	Platform Type : All
Platform Type ↑↓	Redirect URI ↑↓
Web	Edit
Web	https://my.cloudex.app/ YourCompanyCode /Services/Office365Callback.aspx

Redirect URL should be under Web NOT under Single-application
